## **PROFILE**

Multimedia Technology graduate from Birmingham City University. I have the skills to understand different areas of web development and contribute toward projects as well as be a key part of a development team, I have strong communication skills and am extremely hard working.

## **EXPERIENCE**

### **Web Designer, Andrew Aske Associates; Coleshill Birmingham 2010-Present**

I have a strong background in graphic design and have worked along side my father. I have also run his company whilst he has been away. Key work includes development of his website and small cruise ads for newspapers such as the Daily Mail.

### **Supervisor, co-operative food; Balsall Common, Coventry 2007-Present**

I have responsibility of a medium sized store and its staff for 25 hours a week. A large part of my job is training new staff to ensure maximum results in minimum time. I have to deal with customers and staff on a regular basis. Team leading and communication is key to my success in completing tasks. I am also a personal license holder, fire warden and first aider.

### **Sales Assistant, THRESHERS; Coleshill, Birmingham 2008 - 2009**

Serving customers sorting deliveries ensuring customer's get the correct product for them involves background knowledge on wines beers and spirits.

### **Development and management of [www.a-aske.co.uk](http://www.a-aske.co.uk) 2011**

This is my latest project. The old site used flash to give a fully interactive interface. This new site implements HTML 5 and also various different aspects of jQuery.

### **Contribution toward development of [www.centralenglandacupuncture.co.uk](http://www.centralenglandacupuncture.co.uk) - 2010**

I was involved in the development of this website including the design and layout using Cascading Style Sheets.

### **Contribution toward development of <http://www.999mumanddad.co.uk> 2010 - \*Site no longer Active\***

I was involved in the development of this website including the design and layout. My role also included the flash advertisement on the right hand side of the page.

**Development charity website [www.pastoralcareproject.org.uk](http://www.pastoralcareproject.org.uk) 2009**

I developed this website for a local charity that cares for people with dementia. I was also closely involved in the training for the management of this site.

**Development and management of [www.hoar-park.co.uk](http://www.hoar-park.co.uk) 2008 - Present**

During the summer of 2007 I developed a website for a craft village in Nuneaton, it was my first published website. I still manage it in my spare time.

**EDUCATION**

**2008-2011 Birmingham City University, BSc(Hons) Multimedia Technology (Predicted 2:1)**
